

```
from wordcloud import WordCloud
import matplotlib.pyplot as plt

text = 'data science machine learning artificial intelligence'
wordcloud = WordCloud(width=800, height=400, background_color='white').generate(text)

plt.figure(figsize=(10, 5))
plt.imshow(wordcloud, interpolation='bilinear')
plt.axis('off')
wordcloud.to_file('wordcloud.png')
plt.show()
```

A word cloud visualization of the text 'data science machine learning artificial intelligence'. The words are arranged in a staggered, overlapping manner. 'machine' is at the top in green, 'data' is in the middle in teal, and 'science' is at the bottom in purple. 'learning' is to the right of 'data' in blue, 'artificial' is below 'learning' in yellow, and 'intelligence' is below 'artificial' in blue. The background is white.
